

Driven to protect. Empowered to lead.

OVERVIEW

Founded in 1985, NAFISCO has over 30 years of experience in the firefighting and safety industry within Saudi Arabia. We pride ourselves on professionalism, the highest quality products available, and the solutions our clients need to create a safe, protected environment within their organizations.

Our Focus

NAFISCO focuses on providing top-notch safety solutions, from beginning to end. From initial system design to component sourcing and supply, installation, testing, and commissioning and maintenance service, we are committed to ensuring our clients' total satisfaction, as well as the safest environment possible for their employees.

Our Products

At NAFISCO, we work with only global industry leaders to source products and system components. This ensures several things, including the ability to integrate new technology as soon as it emerges, as well as the reliability and performance necessary to provide true protection and safety. In addition to the highest quality firefighting and safety solutions, we also offer ultra-low current and electromechanical systems. From fire hose installation to delivery of new fire trucks and medical equipment, NAFISCO can help.

Our Certifications

Our products and services have been tested, analyzed and certified by leading authorities, and meet the stringent requirement of military and industrial organizations, as well as public organizations, corporations, hospitals, and more.

Award Winning Solutions and Services

NAFISCO has earned numerous awards and accolades in recognition of our leadership in this industry, as well as our commitment to safety and protection. We have been honored with awards from the NFPA (National Fire Protection Association), SAUDIARAMCO, the US Army Central Command, SCECO, the King Abdul Aziz Military Air Base, EASTERNPAK, and many others.

MESSAGE FROM THE BOARD OF DIRECTORS

Our unequaled ability to provide each client with a complete solution from design through installation to ongoing maintenance has enabled NAFISCO to become the industry leader in Saudi Arabia

NAFISCO does more than pay lip service to the concepts of safety and protection. Those are at the forefront of everything we do, from building our team of experienced specialists to sourcing products and solutions from top manufactures around the world. This unceasing dedication to upholding our core mission has enabled NAFISCO to grow at a significant pace, while providing our clients with robust, end-to-end solutions that meet their needs now and can easily scale in the future.

NAFISCO has also been honored with prestigious awards from many leading watchdog organizations and other

authorities in recognition of our ability to protect and serve. Our unequaled ability to provide each client with a complete solution from design through installation to ongoing maintenance has enabled NAFISCO to become the industry leader in Saudi Arabia, and now we look to enter new markets and meet new emerging needs and requirements.

While we are proud of our growth, we know it would not have been possible without the continued trust, support, and advocacy of our loyal clients.

CORE VALUES

At NAFISCO, we take pride in not only our position as leaders in the fire safety and protection industry, but our commitment to leadership, innovation, quality, and customer service. Our core values lead us in our mission to provide protection and peace of mind.

INNOVATE

We are driven to innovate, to adapt as new technology emerges, and to combine our expertise and experience with fire and safety systems to create an end-to-end solution to fit the needs of any client.

RESPONSIBILITY

We believe that it is our responsibility as a member of our community to support other organizations and efforts, to ensure that we are able to protect and create a safer place for all.

CUSTOMER DRIVEN

At NAFISCO, you, our customer, are our sole focus. We strive to provide not just exemplary customer service, but an outstanding customer experience, from first contact to ongoing service.

LEADING THE WAY

We're proud of our position of leadership in the firefighting and safety industry, as well as of our ability to adapt, grow and change to meet emerging needs and threats. We strive to maintain our position through a commitment to outstanding quality, respect for others, and to improving our performance constantly.

VISION AND MISSION

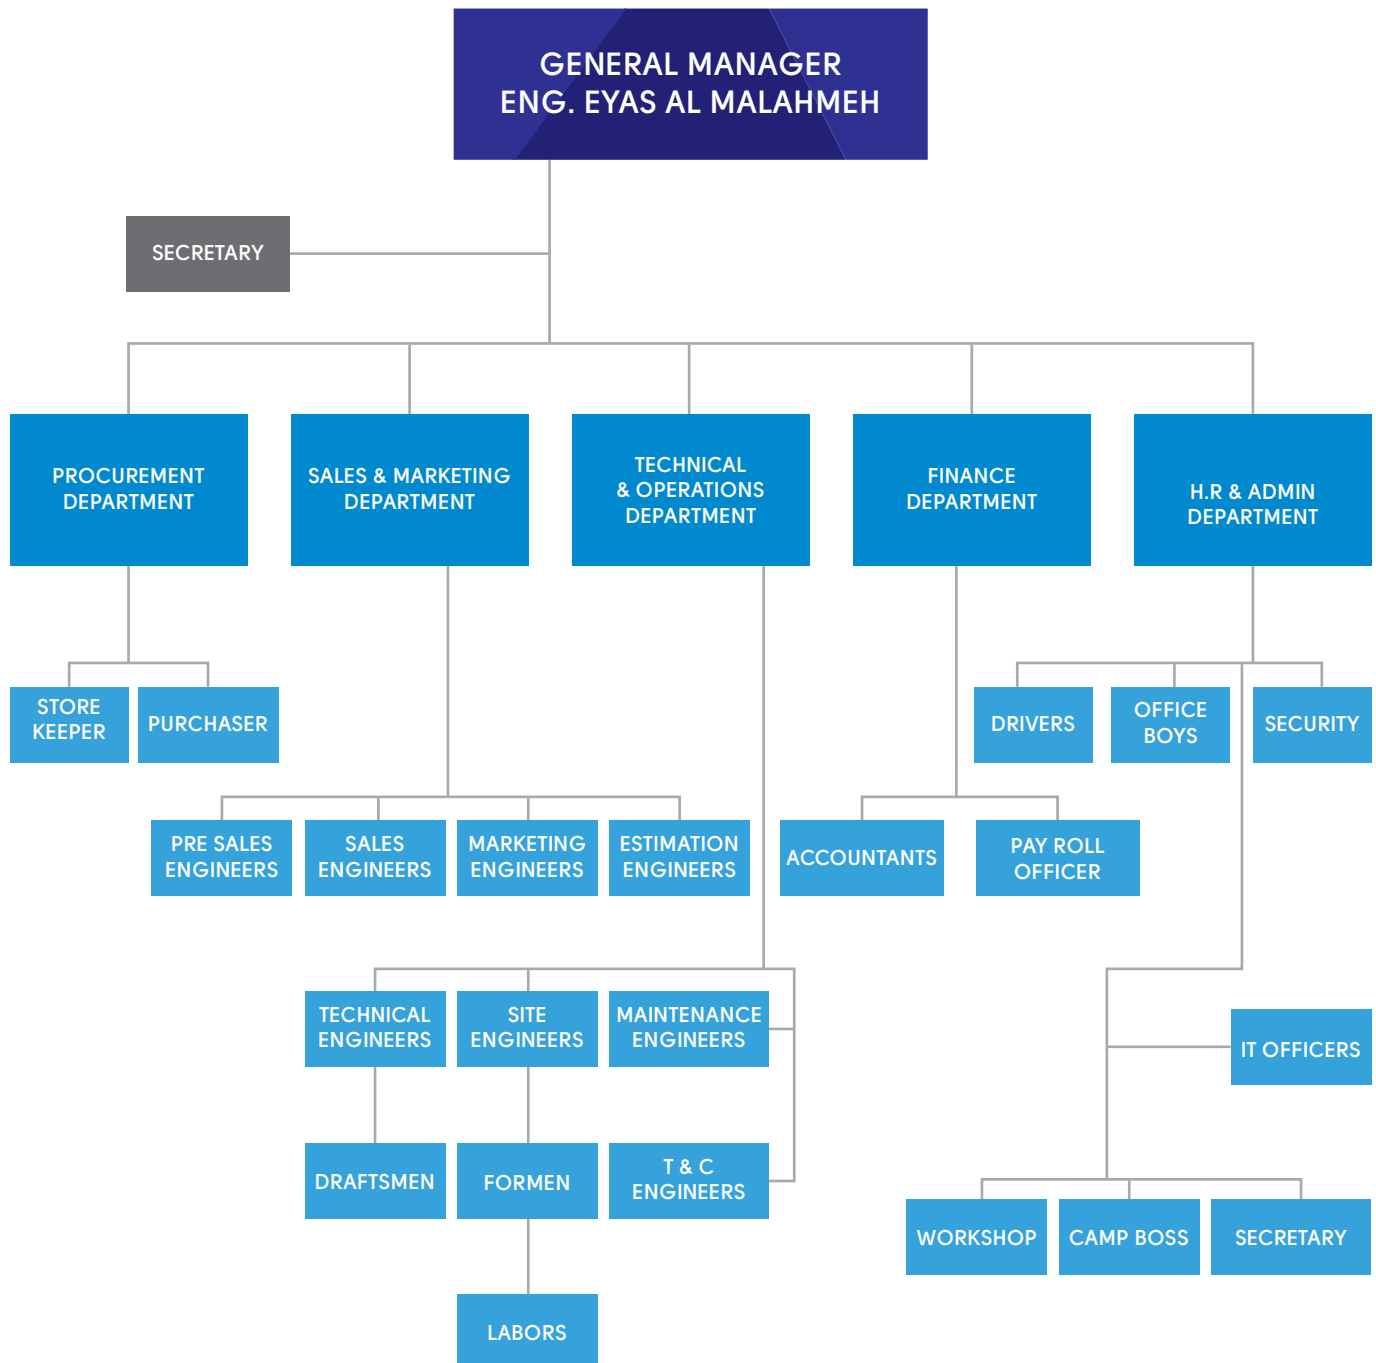

Vision

Our vision is to be the market leader within our industry, through innovation, a dedication to quality, and the agility necessary to adapt as new technology emerges. We strive to be not only a leader in name, but in principle, integrating in-depth experience and expertise with cutting-edge technologies that will help to make the kingdom a safer place for all.

Mission

At NAFISCO, our mission is to make all environments safe, while protecting against fire hazards and other threats. We seek to save lives, and protect your loved ones. We are also committed to developing new techniques and technologies to protect against emerging hazards and dangers in the workplace, and throughout the rest of our society. To achieve this, we work with global leaders in the fire protection and safety manufacturing sector.

ORGANIZATION STRUCTURE

OUR GROUP

JEEM HOLDING CO.

Jeem Holding, a newly formed holding company 100% owned by HRH Faisal Bin Sattam Bin Abdulaziz Al Saud and his family, was formed in order for his highness to restructure personal investments and create a platform for future growth. Jeem Holding is involved in a range of different sectors, including:

- ◆ Transportation
- ◆ Sustainability and sustainable technologies
- ◆ Food and beverage
- ◆ Real estate

The business model utilized by Jeem Holding is to partner with reputable international companies within these sectors in order to execute projects by leveraging a strong network of high-level contacts within the GCC and Middle East region.

STRATEGIC BUSINESS UNITS

ELECTROMECHANICAL SERVICES

OUR SERVICES

FIRE PROTECTION SYSTEM

Design, Engineering, (Drawing, Hydraulic Calculations) Supply, Installation, Testing & Commissioning of:

- ◆ Sprinkler System
- ◆ Aerosol Systems
- ◆ Kitchen hood
- ◆ Water I Foam Systems
- ◆ Wet Chemical I Dry Chemical Fire Suppression Systems
- ◆ Fire Alarm and Detection Systems
- ◆ Fire Hydrant Systems
- ◆ Fire Fighting Monitor Systems
- ◆ NOVEC- 1230, FM-200,
- ◆ Foam and Co2 Suppression Systems
- ◆ Water Mist
- ◆ Full In-House Design

Fire Extinguishing recharge & repair:

Extinguishing Agents:

- ◆ Carbon Dioxide
- ◆ Dry Chemical
- ◆ NOVEC 1230 FM-200
- ◆ Foam
- ◆ Hydrostatic Testing
- ◆ Painting

Inspection Services

- ◆ Building Code Compliance
- ◆ Fire Code Compliance
- ◆ Routine Loss Prevention Inspection

Hydrostatic Testing:

- ◆ High Pressure Compressed Gas Cylinders
- ◆ Aluminum & Steel Cylinders
- ◆ Breathing Apparatus Cylinders
- ◆ Carbon Dioxide Fire Extinguisher Cylinders
- ◆ Low Pressure Compressed Gas Cylinders
- ◆ Dry Chemical Fire Extinguisher Cylinders
- ◆ Pressurized Water Extinguisher

OUR SERVICES (CONTINUED)

MAINTENANCE SERVICES

NAFISCO does more than merely supply and install fire safety products. We're also proud to offer a very wide range of supporting services designed to ensure each client receives the ideal level of after-sales care and support. Our customers benefit from our industry-leading expertise and advice, coupled with expert technical support whenever needed.

At NAFISCO, we take a holistic view of each project, beginning with design and selection, through commissioning and installation, in order to ensure that each system reduces ownership costs while guaranteeing the best lifespan and maximum efficiency. Our expert engineers use their in-depth expertise and experience in order to diagnose and identify needed parts required to optimize system operation quickly, and with minimum disruption to daily operations.

We employ only highly trained technicians and engineers dedicated to maintaining the high standards set by NAFISCO. We also ensure that our employees are equipped with the latest in mobile and diagnostic equipment to ensure quick, efficient, accurate results no matter where a client might be located.

LOW CURRENT SYSTEM

We are a professional Engineering company that has the capability to design, install, integrate and commission any system we deal with. The company has established project management and implementation capabilities, thus offering a total capability services for turnkey project

The solutions cover the multiple systems such as:

- ◆ Fire Alarm Solution
- ◆ CCTV solution
- ◆ Access Control Solution
- ◆ Intrusion Detection
- ◆ Home Security
- ◆ PAVA
- ◆ Perimeter Detection
- ◆ Radar Video Solution

OUR SERVICES (CONTINUED)

BUILDING MANAGEMENT SYSTEMS

Building Management Systems (or BMS) are computer-based systems that help to manage, control and monitor the building's mechanical and electrical equipment such as ventilation, lighting, power systems, fire systems, and security systems. They provide the information and the tools that building managers need both to understand the energy usage of their buildings and to control and improve their buildings' energy performance. Nafisco has an experienced management team and a highly skilled workforce who are technically qualified & experienced in the field.

ELECTRO MECHANICAL SERVICES

Nafisco also provides design, engineering, installation, testing and commissioning of all Electromechanical Services. Nafisco electromechanical is highly regarded and well placed to offer professional services of high caliber covering almost all sectors of construction industry in Kingdom of Saudi Arabia.

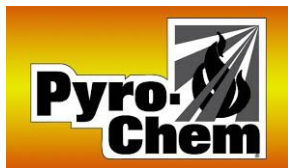

Nafisco Electromechanical performs the following activities:

- ◆ Electrical Works
- ◆ Plumbing and Drainage Works
- ◆ Air Conditioning, Ventilations & Air Filtration Systems
- ◆ Annual Maintenance Contract

OUR PARTNERS

BUSINESS STRATEGY

NAFISCO's business strategy is simple – deliver the highest quality firefighting, safety and electromechanical solutions possible, combined with the end-to-end services our clients and customers require.

All of our equipment, whether that's a fire alarm or a brand new fire truck, is sourced from leading manufacturers in the global fire and safety industry. We combine outstanding solution quality with over 40 years of combined experience in the industry, and our reputation for customer service and satisfaction is unmatched.

NAFISCO serves a broad range of industries and areas, including oil and gas, petrochemicals, commercial and industrial operations, desalination plants, power production facilities, factories, retail establishments, and even residential developments.

Our single guiding principle is to ensure that all customers and clients have the peace of mind that stems from innovation, quality, and a commitment to safety and protection.

CORPORATE SOCIAL RESPONSIBILITY

At NAFISCO, we believe that it is our responsibility to help ensure community growth, safety, and success. Our corporate social responsibility commitment is one of the strongest in the industry. We are committed to not just “giving back”, but to fostering a sense of security and peace of mind, coupled with support for local, regional and national developments.

We believe that our commitment to quality, leadership, integrity, and innovation position us to be not only leaders in the firefighting technology

and safety industry, but as leaders within our community. We do not take this role lightly, and strive to serve individuals, groups and organizations in ways that improve life, health and safety.

NAFISCO plays an active role in our community, ensuring a better quality of life for all, as well as the safety required for a healthier, safer society.
